

# WHERE WE'VE BEEN WHERE WE ARE WHERE WE'RE HEADING

## New Leaders, New Frontiers: Voices from the Younger Generation

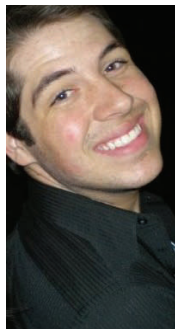

The West Hollywood Gay Men's Forum is gathering some of Los Angeles's most involved and innovative queer youth to discuss their experiences as leaders of community organizing, educators, and mentors. These men are helping shape a new wave of activism and societal thinking. Aside from their roles as leaders, they're also young men navigating through our complex society. Come hear them discuss their motivations, their priorities for themselves and the community, our current areas in need of improvement, and their goals for the future.

Panelists include **Ryan Lombardini** (The Trevor Project), **Mikael Miller** (UCLA LGBT Center and Point Foundation grantee), **Christopher Smith** (Equal Roots Coalition), **Thomas Gudino** (CSUN LGBTQA) and **Jonathan Gartrelle** (Occidental College).

Moderated by poet, educator, and activist **Steven Reigns**. [www.stevenreigns.com](http://www.stevenreigns.com)
